Thank

Out of the Hospital!

What an outpouring of love and prayers we have received in the past few weeks! We cannot thank you enough for all of your emails and calls while Melanie was in the hospital. We were blessed to be able to leave the hospital on the 11th. Melanie underwent a hearing test to make sure the infection would not affect her ability to learn language, and she passed with flying colors. Though she will have to undergo a few more tests during the remainder of our time in Thailand, our doctor has no concerns that she will have any permanent developmental damage. We praise

God for her health!

We left the hospital with a whole new set of friends: the nurses! Please pray that we can continue the relationships we built with these women and that they will be open to learning about our faith in the future.

We are truly grateful for the support each of you has been to us during this trial. With the care and concern from our Christian family around the world, it hardly felt like a trial at all!

May God bless each of you!
